To whom it may concern,

I recently had the pleasure of working with Madeleine Borgia of Schooley Mitchell. We engaged Madeleine to audit our telecom and office supply expenses. The prospect of improving our bottom line was incredibly appealing to us.

Madeleine's team analyzed our telecom and office supply invoices to determine whether or not savings could be found. I was very impressed with how easy this process was on our end. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

When Madeleine came back to me and presented the report, I was delighted to discover that our office supply expenses were already optimized. This assurance is incredibly comforting. Furthermore, they were able to get us upgraded internet services with no increased cost. Since Schooley Mitchell's only fees are a portion of savings found, their analysis came at no expense.

Overall, my experience with Schooley Mitchell and Madeleine Borgia was excellent, and I highly recommend any business or organization take advantage of their expertise. Madeleine is professional and passionate about the work she does!

Sincerely,

Jeff Gardino
