

To Whom It May Concern,

I strongly recommend working with Deborah Cherrey of Schooley Mitchell. We engaged Deborah to audit our telecom expenses. We looked forward to seeing what Schooley Mitchell could do for us.

Deborah's team analyzed our telecom invoices to determine whether or not savings could be found. I was very impressed with how easy this process was on our end. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

When Deborah came back to me and presented the report, I was thrilled to learn that our expenses are now fully optimized. This gives us great peace of mind, knowing we haven't been overpaying in the past, and that our budget is going towards what matters most. Even better? Since no savings were identified, Schooley Mitchell's analysis came at no expense.

I would highly recommend talking with one of their representatives to help your business save, time, money, and increase efficiency. Their diligent team will look at an array of options that fit your organization best and meet its needs.

Thanks,

Aaron Martin
