

To Whom It May Concern,

I am writing to provide a formal recommendation for Tatiana and Schooley Mitchell. Their firm has been instrumental in helping us refine our shipping operations and secure our bottom line against unnecessary expenditures.

Schooley Mitchell's value proposition is centered on clarity and results. They provided us with a comprehensive analysis of our shipping spend, uncovering insights that fundamentally changed how we view our cost allocations. This transparency allowed our leadership team to make more strategic business decisions based on hard data rather than assumptions.

One of the most valuable aspects of our partnership is their proactive monitoring. Tatiana and her team remain engaged, ensuring that we are not subjected to excessive rate hikes or caught off guard by the changing regulatory environment. Their role as a continuous watchdog over our spend has allowed us to focus on our core business while knowing our overhead is being managed with professional discipline.

In total, the engagement added over \$20,000 in savings to our bottom line — and the process was straightforward, requiring minimal time from our team.

I recommend Tatiana without reservation to any organization seeking to optimize their expenses and gain a deeper level of financial oversight.
