

EAST BRADFORD TOWNSHIP

CHESTER COUNTY, PENNSYLVANIA

Subject: Testimonial for Schooley Mitchell

To whom it may concern:

We recently worked with Laura Fitts of Schooley Mitchell to review our telecom expenses. East Bradford Township is a municipal government in southeastern Pennsylvania, and we saw this as a valuable opportunity to ensure we were getting the best value for our services.

Laura and her team made the process seamless. After a brief discussion about our setup and providing access to our invoices and contracts, Schooley Mitchell took it from there. They conducted a thorough analysis with limited time or effort required on our end.

Although our operations were already running efficiently, Laura still identified over 26% in potential savings in our telecom services. Thanks to her work, we now have greater confidence in the competitiveness of our rates and a bit of extra room in the budget to allocate elsewhere.

Working with Laura was a positive experience from start to finish. She is professional, knowledgeable, and clearly invested in delivering value. I'm happy to recommend both her and Schooley Mitchell.

Sincerely,
