P O BOX 110
GREEN VALLEY, IL 61534

To Whom It May Concern,

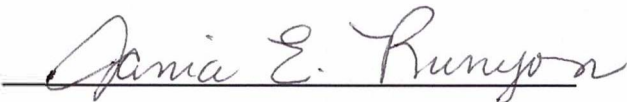

Working with Joe Hitchcock and Schooley Mitchell on the Village of Green Valley's waste review was a positive and productive experience.

Joe helped guide the Village through the process of evaluating and implementing a unified waste collection program. He provided clear, easy-to-understand information that allowed our Board to make an informed decision based on both service quality and long-term financial impact.

Throughout the process, Joe was responsive, professional, and respectful of the Village's needs and limitations. He worked well with our staff, kept the process organized, and made what could have been a complicated project feel seamless.

As a result of this effort, residents will benefit from lower and more consistent costs, while the Village is in a stronger and more stable position to manage and oversee waste services moving forward.

We appreciate Joe's support and would not hesitate to work with him again.
