

To whom it concerns

Road Train Express Inc. was founded in 2009 with a strong commitment to providing exceptional service, prioritizing safety, and embracing advanced technology. The company was built on the principle that a satisfied client is our top priority, and this commitment is evident in every aspect of our operations. From our world-class customer service to our highly trained drivers, we strive to exceed our clients' expectations with every shipment. With a fleet of over 160 company-owned trucks, more than 330 trailers, and an 80,000 sq. ft. warehouse, Road Train Express Inc. specializes in cross-border truckload (TL) and less-than-truckload (LTL) shipments between Canada and the USA.

We would like to sincerely recommend and appreciate the efforts of **Dinesh Mohangupta and his team at Schooley Mitchell** in helping us optimize our expenses. From the very first meeting, the process, timelines, and expectations were explained clearly, and our questions were addressed with transparency and thorough detail—giving us the confidence to move forward.

We initially engaged Schooley Mitchell for our **Uniform & Linen and Waste management** categories. Different specialized teams were involved, each bringing expertise in their respective areas. Despite being in a long-term contract, Schooley Mitchell successfully negotiated better rates for our uniforms

The **Uniform Value Report** presented to us was extremely detailed, listing every item line by line with both current and negotiated prices, along with overall savings. This level of detail impressed us. Schooley Mitchell delivered a value report for Uniforms, identifying savings of **23.53% in Uniform & Linens** with out needing for a vendor change.

We were also reassured to learn that our waste management costs were already well optimized. Schooley Mitchell invested significant time and effort analyzing invoices and negotiating with multiple vendors, ultimately confirming that our arrangements were competitive, at no extra cost, as their fee is only a percentage of the savings they uncover.

Overall, we are extremely pleased with the outcomes. Beyond the savings, Professionalism, the thoroughness of the reports and the ability to deliver results even within existing vendor contracts stood out. We have now expanded our analysis to Fuel, Telecom and ELD categories. We would gladly introduce Dinesh to any of our contacts who could benefit from these services. We wholeheartedly recommend **Dinesh Mohangupta and Schooley Mitchell** to businesses seeking to optimize expenses with minimal time commitment and maximum impact.

Sincerely,
