To whom it may concern

SETCO Auto is a premier manufacturer known for producing high-quality clutch products for the automotive industry and hydraulic solutions for the construction equipment sector. With a strong emphasis on excellence and reliability, our clutch products ensure smooth engagement and optimal performance.

I highly recommend Dinesh Mohangupta of Schooley Mitchell. We engaged Dinesh and his team at Schooley Mitchell to audit our small package shipping expenses. We were excited to see what Schooley Mitchell could do for our business.

Dinesh's team analyzed our small package shipping invoices to determine whether or not savings could be found. I was very happy with how easy Schooley Mitchell's process was for us. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

I was thrilled when Dinesh came back to me and presented the report showing that Schooley Mitchell was able to identify 25.49% savings with out the need to switch the vendor. To have these extra dollars in our budget without cutting staff or services has been a huge relief. We have now engaged them on other categories like Telecom and waste and eagerly waiting to see what savings they can bring to the table.

Overall, my experience with Schooley Mitchell and Dinesh Mohangupta was amazing, and I highly recommend any business or organization utilize the services of Dinesh and Schooley Mitchell.
