To whom it may concern,

I am delighted to recommend Christian Olson of Schooley Mitchell. We engaged Christian to audit our telecom, software as a service (SaaS), and merchant services expenses. As a chiropractic clinic offering a wide variety of treatments and services, we were excited to see what Schooley Mitchell could do for our business.

Christian's team analyzed our telecom, SaaS, and merchant services invoices to determine whether or not savings could be found. I was very happy with how easy Schooley Mitchell's process was for us. All that was required was a quick conversation about our setup, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

I was thrilled when Christian came back to me and presented the report showing that Schooley Mitchell was able to identify 70.2% savings on our merchant services. We are already planning how to reinvest these savings back into our organization!

Schooley Mitchell made this process easy, and I appreciated that when I thought of a question, they got back to me with an answer so quickly.

After reviewing our SaaS and telecom set up, Schooley Mitchell found that our expenses are already completely optimized. It's a relief to know we haven't been overspending and that our budget aligns with our priorities.

Overall, my experience with Schooley Mitchell and Christian Olson was fantastic, and I highly recommend any business or organization take advantage of their expertise. Christian is professional and passionate about the work he does!
