Seaford, DE 19973

May 19, 2025

To whom it may concern:

When we were approached by Brian O'Sullivan of Schooley Mitchell of Delmarva about lowering expenses, we were definitely intrigued and interested – especially since it involved a FREE analysis. The process was easy, and we are extremely happy with our experiences working with Brian. We are consistently saving 28% – 40% each month. We at Stargate Diner would highly recommend Schooley Mitchell to all businesses.

We are currently working with them to reduce our Waste Removal costs. Every month they review our invoices and work to get any unnecessary charges removed. They have also helped us in getting new trash bins when ours were rusted and broken. We send them the statements, and they do all the work! It sure is a time saver!

We strongly recommend that you work with Brian and the team at Schooley Mitchell. You will be glad you did!

Sincerely,

Emre Salman
