

To whom it may concern,

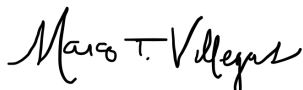

I strongly recommend working with Kristina Rodriguez of Schooley Mitchell. We engaged Kristina to review our payment processing expenses. We are always happy to find new ways to save money without impacting our services.

KMF Counseling Solutions is a therapy practice that provides private, HIPAA-compliant online therapy by a licensed therapist to professionals and high-achieving adults in the state of Texas dealing with stress, anxiety, work-life balance, life transitions, and more. Kristina's team analyzed our payment processing invoices to determine whether savings could be found. I was very impressed with how easy this process was on our end. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

When Kristina came back to me and presented the report, it was a relief to hear that our expenses are already optimized. This gives us great peace of mind, knowing that our budget is going towards what matters most. Since no savings were identified, Schooley Mitchell's analysis came at no expense. The risk-free cost analysis was well worth it, and it took less than 2 hours of my time.

My experience with Schooley Mitchell and Kristina Rodriguez was excellent, and I highly recommend any business or organization take advantage of their expertise. Kristina is professional and passionate about the work she does!

Respectfully,
