

To whom it may concern,

I am excited to recommend Aneetha Vijay of Schooley Mitchell. We engaged Aneetha to audit our card processing & small package shipping expenses. Every penny counts, so we looked forward to seeing what savings could be found.

At ClassAct designs, we create handmade, hand-dyed, high-quality silk ribbons, all proudly made in the USA. Available for both wholesale and retail customers worldwide, our ribbons are designed to help products stand out — especially through our signature metallic-edged silk ribbons, which add a distinctive, elegant finish.

Aneetha's team analyzed our card processing & small package shipping invoices to determine whether or not savings could be found. This process was truly very easy from our end. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

When Aneetha came back to me and presented the report, I was delighted to discover that our expenses are already optimized. Discovering that we haven't been overpaying is a huge relief. Because Schooley Mitchell's only fees are a portion of savings found, the entire analysis came at no cost to us.

Overall, my experience with Schooley Mitchell and Aneetha Vijay was fantastic, and I would strongly suggest anyone looking to reduce costs get in touch. Aneetha is professional and passionate about the work she does!

Sincerely,
