

January 20, 2017

Dear fellow business owner,

When William McKissock with Schooley Mitchell of Tampa Bay approached me with his information about how he could reduce my telecom bills, I was skeptical. Yet with his 100% risk free professional analysis, what could I lose? I have to say that I was very happy that I agreed to work with him. Schooley Mitchell's has fantastic negotiating skills and clout in the industry,

William was able to save me 17.79% on my cell phone bills staying with my current provider. On top of my monthly savings he was also able to persuade my provider to give me a brand new Iphone 7 with my new plan.

I am very pleased to recommend to you the consulting services of William McKissock of Schooley Mitchell. William is with us over a longer period making sure we are always on the right plans and always paying the right price.

Great service, great experience! If you have not had your telecom bills reviewed recently by a professional service look no further than William McKissock with Schooley Mitchell.

Most Sincerely,

A handwritten signature in black ink, appearing to read "Adam Parks", with a long horizontal flourish extending to the right.
